The 2020-2025 Dietary Guidelines for Americans development process is under way. View our progress below.

Advisory Committee's Scientific Review

Learn more about the scientific review

The Committee is currently reviewing the scientific evidence. The public is invited to attend the Committee's meetings, and is welcome to submit comments to the Committee throughout its work. The Committee's work will end with the release of its scientific report to the Secretaries of USDA and HHS in 2020.

Topics and Questions to be Examined by the Committee

Keep track of where the Committee is throughout their process. View the status of each scientific question as it is reviewed by the Committee.

[View Topics and Questions](#)

Advisory Committee Meetings

The Advisory Committee will meet approximately five times to complete its work. During these public meetings, the Advisory Committee discusses its review of the scientific evidence and makes plans for future Committee work.
