Approaches to Examine the Evidence

Data Analysis

**Food Pattern
Modeling**

**NESR
Systematic Reviews**

- The Committee is answering scientific questions by reviewing the evidence using one of three approaches.

DRAFT Conclusion Statements

- Answer to the question based on the evidence reviewed
- Drafted by the subcommittees and brought to the full Committee for discussion at the public meetings
- Considered draft until the Committee submits its report to the Secretaries

Meeting 5: Purpose

- Describe the status and provide updates on the work of the Committee and discuss next steps as we finalize our work
- Agenda available at [DietaryGuidelines.gov](https://www.dietaryguidelines.gov)
- Today and tomorrow:
 - Meeting will begin at 9:00 am Eastern time
 - Afternoon session will begin at 1:00 pm Eastern time
 - Breaks are not set for specific times, but will be taken as they fit within the discussion
